
COMMERCIAL BAIT

Species that may be taken and sold by any licensed resident bait dealer or sold by any licensed nonresident bait dealer: fathead minnow, white sucker, creek chub, emerald shiner, golden shiner, spottail shiner, flathead chub, Western silvery minnow, plains minnow, tiger salamander (all subspecies), leopard frog (all subspecies), crayfish (*Cambarus diogenes*, *Orconectes immunis*, *Orconectes virilis* and *Orconectes causeyi*), freshwater shrimp, and leeches.

PROTECTED SPECIES

The following species are illegal to take or possess: State listed **endangered fish** are pallid sturgeon, banded killifish, finescale dace, blacknose shiner, and sicklefin chub. In addition, the Topeka shiner and pallid sturgeon are federally listed endangered species. State listed **threatened species** are sturgeon chub, northern redbelly dace, longnose sucker, and pearl dace.

GAME FISH AND ENDANGERED SPECIES TO BE RETURNED TO WATERS

Game fish and protected species taken in bait traps, nets or seines shall be returned to the waters from which taken as soon as possible to prevent visible stress and death and shall not be transported away from the water in which taken for any reason. Rough fish may be destroyed provided they are buried or disposed of in a manner conforming to public health, pollution and refuse laws.

FISH IMPORTATION PERMITS REQUIRED

Fish importation permits are required for all fish entering South Dakota. Anglers fishing boundary waters and fish designated for aquaria use are exempt. See rules regarding fish importation and application for importation permit. Contact a Game, Fish and Parks office or the Licensing Office for application forms and importation rules.

LICENSES

The following licensees must keep records, as well as render reports and comply with rules and regulations as prescribed by the Game, Fish and Parks Commission to perpetuate the bait resources of the state. Granting licenses will be at the discretion of the Secretary of Game, Fish and Parks.

Resident Retail Bait Dealer License - \$30 fee

The license permits the licensee to raise, trap, seine, buy, sell, possess, and transport bait. No retail bait dealer may sell bait to wholesale, retail or export bait dealers. This license is not required for residents under 16 years of age.

Resident Wholesale Bait Dealer License - \$275 fee

The license permits the licensee to raise, trap, seine, buy, sell to any retail, wholesale, or export bait dealer, possess, and transport bait and other wild animals commonly used as fish bait within the state, and to transport and sell bait in any adjoining state. This license is not required by residents under 16 years of age.

Export Bait Dealer License - \$400 fee

The license permits the licensee to buy and possess bait within the state and transport the bait out of the state for resale.

Nonresident Retail Bait Dealer License - \$55 fee

The license permits the licensee to buy, sell, possess and transport bait. No nonresident bait dealer licensed under this section may sell bait to wholesale, retail or export bait dealers.

Nonresident Wholesale Bait Dealer License - \$550 fee

The license permits the licensee to transport bait into the state, possess bait within the state, and sell bait within the state to any retail, wholesale or export bait dealers.

Raising Baitfish

Raising baitfish species is permitted for licensed resident retail and wholesale bait dealers. Please contact your local Game, Fish, and Parks office for details on the process used to approve ponds for stocking baitfish species.

RECORDS REQUIRED

Licensed bait dealers **must** maintain the following records on forms supplied by the department or electronically in a format approved by the department:

Required of resident wholesale and retail dealers

- Gallons of baitfish, numbers of amphibians and crustaceans, by species, and pounds of leeches taken from public waters or lands, name of public waters or lands, and date taken.
- Gallons of baitfish and numbers of amphibians and crustaceans, by species, and pounds of leeches taken from waters on private lands, and date taken.
- Gallons of baitfish and numbers of amphibians and crustaceans, by species, and pounds of leeches obtained from outside South Dakota, name and address of supplier, and date received.

Also required of all retail dealers

Gallons of baitfish and numbers of amphibians and crustaceans, by species and pounds of leeches sold monthly at retail.

Also required of resident wholesale bait dealers

Gallons of baitfish and numbers of amphibians and crustaceans by species and pounds of leeches sold at wholesale within the state and to retail outlets and public fish hatcheries in adjoining states, names and address of buyer, species, quantity, and date sold.

Required of export bait dealers

Gallons of baitfish and numbers of amphibians and crustaceans purchased, by species, and transported out of state. Name and address of supplier, quantity, species, date purchased, name of purchaser and state of destination.

Required of nonresident bait dealers

Gallons of baitfish, numbers of amphibians and crustaceans, by species, and pounds of leeches brought into the state or purchased in state and sold to retail and wholesale minnow dealers within the state. Name and address of buyer, species, quantity, and date sold or purchased

These records shall be kept current and available for inspection by personnel of the department at the location indicated on the application during normal business hours for a period of three years after the end of the license year. Bait dealers must submit a summary of yearly records on forms supplied by the department or electronically in a format approved by the department by January 31 of the following calendar year. The department may refuse to issue a new license if these records are not submitted.

EXPIRATION

All licenses expire on January 31 of the calendar year directly following the year in which the license is issued.

DISPLAY OF DEALER'S LICENSE

The bait dealer's license must be conspicuously displayed in all places where bait is sold.

The applicable wholesale, retail, or export bait dealer's license, or a legible copy thereof, shall be kept in each vehicle used by a bait dealer or the dealer's agent to transport bait. Such license or copy shall be made available for inspection upon request of any law enforcement officer whose authority includes enforcement of the baitfish laws of this state.

SEINES AND TRAPS

Licensed resident wholesale and retail bait dealers may possess and use regular or bag seines up to 50 feet long and 6 feet deep and traps of any size. No seines, nets, and traps shall contain flexible mesh larger than three eights inch square. All traps shall have a rigid entrance no larger than one inch wide and trap throats exposed above the surface of the water shall be blocked by a solid shield or mesh to prevent the entrapment of waterfowl.

When a permit is issued to a bait dealer, by the Department, to stock white suckers into a water, larger equipment may be used to harvest white suckers from that water.

TAKING AND POSSESSION

No person may seine or take bait from the waters of this state unless licensed by the Department of Game, Fish and Parks.

TRAP SPACING AND EMPTYING

Bait traps must not be set either singularly or in series so as to cover more than one half of the width of any stream. All bait traps must be lifted and emptied of fish often enough to prevent loss of bait or other animals, and at least once every 48 hours between May 15 and September 14, and at least once every 96 hours between September 15 and May 14.

TRAP MARKING

All bait traps must be marked conspicuously and legibly with the owner's name and address on the top of the trap as well as any other place the owner wishes to identify the traps. Bait traps lost or stolen must be reported within 5 days of knowledge of loss to any Conservation Officer. Owners will be liable for all violations involving unreported, lost or stolen traps.

TRANSPORTATION OF BAIT AND OTHER FISH BY BAIT DEALER

A bait dealer may not transport other fish while transporting baitfish unless legally licensed under a private hatchery license and the trip originates at the bait or private hatchery facility for the purpose of delivering fish to customers. Baitfish must be completely separated from other fish in separate compartments to allow inspection. Transportation equipment shall allow for inspection of bait and other fish at all times.

EQUIPMENT IDENTIFICATION

The name, complete address and the words "BAIT DEALER" must be conspicuously displayed in letters and numbers not less than four inches high and one inch wide in a color markedly contrasting with the color of the surface on which placed, on both sides of each vehicle or tank used in transporting bait. If the lettering is on the tank and not the vehicle, the lettering must be placed so that it is as conspicuous as if it were on the side of the vehicle.

MOLLUSKS

All waters of the state including boundary waters are closed to the commercial harvest of mollusks.

IMPORTATION

Importation of nonnative fish, reptiles, amphibians, crustaceans and mollusks for commerce, culture, or introduction in private or public waters must be approved by the Secretary of Game, Fish and Parks.

REVOCAION

A conviction for a violation of any of the provisions of ARSD chapter 41:09:04 or of SDCL 41-6-44 through 41-6-45.1, inclusive, by a bait dealer, a bait dealer's agents or employees, may be cause for immediate revocation of the bait dealer's current license and serve as the basis for the Department's refusal to issue a license to the bait dealer for the calendar year following the year of conviction.
