

EASTERN SOUTH DAKOTA TRAILS SYSTEM

1,192 MILES OF SNOWMOBILE TRAILS IN EASTERN SOUTH DAKOTA

NOT FOR OHV USE

Areas within Pelican Lake (located SW of Watertown south of Hwy 212) are open to snowmobiling. Snowmobiling isn't allowed within the developed areas of the park signed as **NO SNOWMOBILING**, including the campground, day use areas, archery range and maintenance shop area.

The trail runs west an additional 12 miles to Highmore parallel to Highway 14.

Riding Opportunities and Restrictions

All trail systems in this brochure have been developed exclusively for snowmobile use. All other motor vehicle operation is prohibited on these trail networks. No person may operate a snowmobile on a state snowmobile trail or area established pursuant to SDCL 41-19 unless the snowmobile has a curb weight of less than 1,400 pounds, is an engine-driven vehicle of a type that uses sled-type runners or skis with an endless belt tread or similar means of contact with the surface upon which it is operated and the vehicle does not exceed forty-eight inches in width.

Trails are open for snowmobile use December 15-March 31. Trails are groomed between these dates subject to adequate snow conditions.

Trespassing Operators of snowmobiles are subject to trespass under SDCL 22-35-6 if they enter or refuse to leave property after notice. Any person who, knowing that he or she is not privileged to do so, enters or remains in any place where notice against trespass is given by:

- 1) Actual communication to the person who subsequently commits the trespass
- 2) Posting in a manner reasonably likely to come to the attention of trespassers and/or
- 3) Fencing or other enclosure that a reasonable person would recognize as being designed to exclude trespassers

is guilty of a Class 2 misdemeanor. However, if such trespasser defies an order to leave, personally communicated to him or her by the owner of the premises or by any other authorized person, the trespasser is guilty of criminal trespass, which is a Class 1 misdemeanor.

◆ Designates trail corridor. If you snowmobile in areas that are not signed as designated trails, you do so at your own risk.

Portions of the trail system cross private land leased for public snowmobile use. Off-trail riding in these areas is not allowed without landowner permission, except where blocks of land have been leased for play areas.

Trail Conditions

Trail conditions are available online at gfp.sd.gov/snowmobiling and via our mobile app: SDGFP Outdoors. Trail conditions are also posted to Twitter accounts dedicated to both the Black Hills and the East River Trails (twitter.com/SDsnowBHills and twitter.com/SDsnowEast).

LEWIS & CLARK RECREATION AREA
Five miles west of Yankton on Highway 52, areas within Lewis and Clark Recreation Area are open to snowmobiling. Stop by the park headquarters to obtain a map showing snowmobile play areas within the park.

34,000 copies of this document were printed by Game, Fish & Parks and the Department of Tourism at a cost of 13¢ per piece.

South Dakota Snowmobiling

Licensing Requirements In South Dakota, all snowmobiles must be licensed if operated on any public or private lands except on private land owned by the snowmobile operator.

A resident snowmobile license costs \$10 per year. Snowmobiles are registered under a staggered registration system, just like your motor vehicle. If you have any questions regarding snowmobile licensing contact the Motor Vehicles Division at 605-773-3541. License decals can be obtained at the county treasurer's office of the owner's county, or, in the case of a nonresident of this state, the treasurer of any county and must be permanently affixed to the snowmobile on the hood cowling.

32-20A-25. Permit to operate motorcycle as a snowmobile. Any resident owner who has titled a motorcycle which has been modified to comply with the definition of a snowmobile for use as a snowmobile on a state snowmobile trail or area established pursuant to the provisions of chapter 41-19 may purchase an annual permit valid from Dec. 1 - Mar. 31, inclusive, for a fee of \$20. The permit shall be affixed to the motorcycle on the right side of the unit and shall be clearly visible. The Department of Game, Fish & Parks shall collect the annual permit fee imposed by this section and shall deposit the fees in the snowmobile trails fund established by - 32-5-9.2.

Non-resident snowmobiles validly licensed in another state may be legally operated in South Dakota. Non-resident user fees from other states are not valid. Unlicensed snowmobiles must have a special \$40/five-day temporary permit. In the Black Hills these permits are available at the county treasurer's office in Lawrence County or from the following license agents: Deadwood Gulch, Deadwood; Recreational Springs Resort, Lead, Hwy 85 S.; Spearfish Canyon Lodge, Spearfish Canyon; Steel Wheel Trading Post, Hwy 385; Trailhead Lodge, O'Neil Pass.

Snowmobile registration receipts are deposited into a designated State Snowmobile Trails Fund, which helps finance snowmobile trail development and maintenance costs throughout South Dakota. Public input for the development of the program is provided by the South Dakota Snowmobile Association, and the Governor's Snowmobile Advisory Council.

Operating Under the Influence In South Dakota, snowmobiles are classified as motor vehicles. Therefore the operator of a snowmobile who is under the influence of alcohol, drugs or otherwise, may be prosecuted under the same provisions of the state's DUI laws. The legal limit in the State of South Dakota is 0.08 percent.

Plowed Roads No person may operate a snowmobile on a roadway that has been plowed or where snow removal has taken place, except to cross the road only after stopping and yielding to any oncoming traffic, or when operation in a road ditch is not possible, to the extreme right-hand side of the road until such time as the operator can again use a road ditch or an unplowed area.

Speeding and Reckless Operation No person may operate a snowmobile at a speed that is greater than is reasonable and prudent under the circumstances, or in a reckless way so as to endanger the person or property of another.

Wildlife No person may, while operating a snowmobile, chase, harass, kill or attempt to kill any game animal or game bird.

Accidents The operator of a snowmobile involved in an accident on public lands, frozen public waters or any private lands leased for public snowmobile use which results in damage to a snowmobile or other property in excess of \$1,000 or results in death or injury requiring medical attention to any person must immediately report the accident to a law enforcement officer. If the snowmobile operator is physically incapable of filing a report, then someone acting for him/her must file. Failure to report such an accident is a Class 2 misdemeanor.
